## Article 1: Transfer of Funds from Free Cash - FY24

To see if the Town will vote to transfer from free cash the following sums of money, for the following purposes, or take any other action relative thereto.

**Explanation:** Funding turned back from departments in prior fiscal years returns to the undesignated fund balance, referred to as “free-cash”. This funding requires a new Town Meeting vote to authorize a new use of the funds in a following fiscal year. This article covers \$264,322 that was intended to be transferred at the May 2023 Annual Town Meeting Warrant but couldn’t because free cash wasn’t certified. Free Cash was certified on April 19, 2024 and so this article addresses last year’s contribution and our annual contribution amounting to \$190,696.

## Article 2: Sewer Enterprise Fund Retained Earnings Transfer

To see if the Town will vote to transfer the sum of \$1,025,170 from the Sewer Enterprise Fund Retained Earnings to the Sewer Enterprise Fund for FY24, to be expended by the Sewer Commission, as shown on Article 11 of the May 2, 2023 Annual Town Meeting, or take any other action relative thereto.

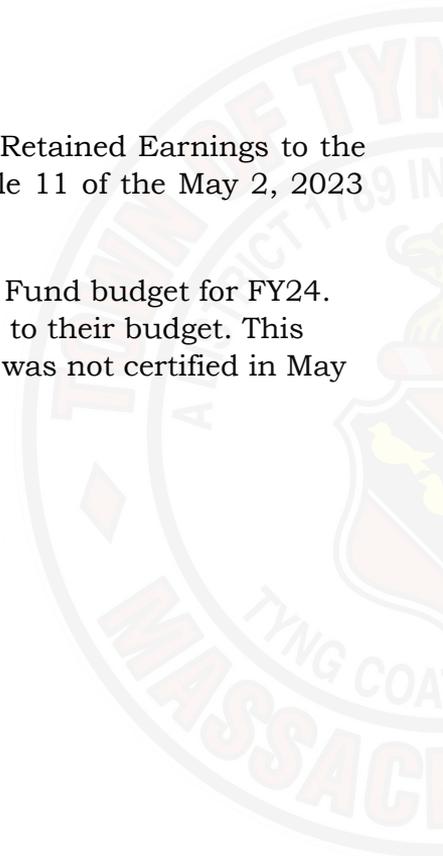

**Explanation:** Article 11 of the May 2023 Annual Town Meeting Warrant set the Sewer Enterprise Fund budget for FY24. This article included a transfer of \$1,025,170 from the Sewer Enterprise Fund Retained Earnings to their budget. This article was pulled because the enterprise fund retained earnings were held back when Free Cash was not certified in May of 2023.

## Article 2: Deposits to Stabilization Funds

To see if the Town will vote to transfer the sum of \$960,000 from the following sources to the following Stabilization Funds, for the purposes hereafter specified:

**Explanation:** This article places funding into the accounts described above for future capital asset and stormwater improvement projects. This article reflects deposits that were intended to be made in May of 2023 but couldn't be made because Free Cash was not certified. That included \$200,000 to Capital Asset Stabilization and \$100,000 to Special Ed Stabilization. Those amounts are represented in the above table on top of the contribution planned for FY25.

## Article 6: Appropriations -- General Fund for Fiscal Year 2025

To see if the Town will vote to raise and appropriate and/or transfer from available funds such sums of money as may be necessary to fund Town expenses for Fiscal Year 2025 (July 1, 2024 - June 30, 2025), or take any other action relative thereto. (*Budget attachment as Exhibit A*)

**Explanation:** Article 6 is the Fiscal Year 2025 Appropriation of funds for the Town of Tyngsborough. This annual budget is a declaration of our Town's priorities and a statement on how we choose to allocate the limited collective resources that exist. The operating budget enables the day-to-day operations of the Town by paying for recurring expenditures for programs and services, employee salaries, rents, utilities, supplies, insurance, and debt service. The Library, Schools, Police Department, Fire Department, Council on Aging, and dozens of other town departments rely on this funding to provide services on a daily basis.

The operating budget consists of local aid from the Commonwealth, our local taxes (property, excise, and business) and other fees collected by the Town. All Town activities, not specifically directed to other accounts such as the Sewer or Ambulance Enterprise Funds, are funded through this budget. As a result, most of the Town's operating expenditures are paid through this appropriation.

Proposed General Fund Budget represents a \$1.4M increase, or 3.1% over prior fiscal year (NOT INCLUDING MS DEBT WHICH IS EXCLUDED)

# Middle School Debt Interest

- The budget represents modest growth in terms of new items but also includes the first interest payment on the Tyngsborough Middle School project. That interest payment comes to \$1.2M which will be billed directly to residents as excluded debt in accordance with the Town Meeting and Town Election approval authorizing the project. The first year of the full debt payment on the Middle School will be realized in Fiscal Year 2026 (July 1, 2025 - June 30, 2026) and will be the first year of the Town's \$1M annual contribution to lower the burden on taxpayers. As a part of the funding agreement, the Select Board and Finance Committee endorsed a plan to offset the debt payment by committing \$1M from the general fund each year of the 30 year loan which will commence in FY26. Over the course of the loan, this \$30M general fund contribution will substantially lower the impact on top of the average tax bill.
- The Town Manager and Finance Director spent much of the spring working with the Town's borrowing agency to determine the approach for the permanent borrowing that would result in the lowest impact in FY25 and would ensure the most favorable long-term position as the Middle School Project approaches completion. By early April, it became clear that the Town's original approach to doing a permanent borrowing in November of 2024 following two short term borrowings (one in November 22 and one in November 23) was still the best financial approach. In doing so, the Town was able to lock in the interest payment that will come due in November 2024 when the last short term borrowing is closed out. This was presented first to the Tri-Board meeting on April 8th and a final discussion on the matter was held at the Select Board's meeting on April 22.

### Assumptions

- 5% Interest Rate (expect lower, but planning for worst)
- \$52M final borrowing amount - project currently has \$2M in unspent contingencies we don't plan on spending
- 30 year duration
- Long-coupon so first interest payment on permanent borrowing not due until FY26

## Planning for Full Debt Exclusion Impact

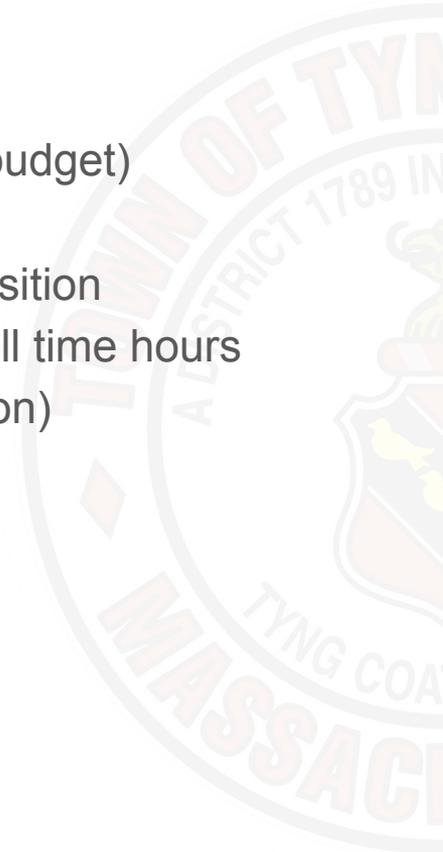

- In Year 1, the first payment is roughly \$500,000 higher than future years. While the Town's commitment was \$1M each year of the loan, the Fy25 proposed budget puts the Town in the position to consider offsetting some or all of the \$500k difference on top of the \$1M contribution - assuming no surprise financial challenges in Fy26.
- Our approach to the interest due in FY25 (current budget) helps position us to do that by:
  - Leaving close to \$350k in excess levy capacity
  - Leaving close to \$500k in free cash
  - Depositing \$200k into Debt Stabilization - reserved for future debt payments
  - Positioning the town's financials so that we're not over leveraged, thus resulting in better interest rates.

## Article 8: Transfer of Funds from Free Cash

To see if the Town will vote to transfer from free cash the following sums of money, for the following purposes, or take any other action relative thereto.

**Explanation:** Funding turned back from departments in prior fiscal years returns to the undesignated fund balance, referred to as “free-cash”. This funding requires a new Town Meeting vote to authorize a new use of the funds in a following fiscal year.

This article includes articles that were intended to be approved at the May 2023 Annual Town Meeting but weren’t because Free Cash was not certified. Those amounts are added to the appropriations that were planned for this current meeting. The OPEB contribution is twice our normal contribution because we missed the annual contribution in May 2023 and two articles dealing with capital from last year are on the warrant again this year now that Free Cash was certified.

## Article 12: Appropriation - Community Preservation Committee Fund

To see if the Town will vote a sum of money to be appropriated or reserved from estimated annual revenues of the Community Preservation Fund for the Fiscal Year 2025, with each item to be considered a separate appropriation, for the payment of administrative expenses of the Community Preservation Committee, debt service, community preservation projects, and all other necessary and proper expenses, as follows:

**Explanation:** The Community Preservation Committee (CPC) recommends how funds should be spent or set aside for future spending among the allowable categories of (a) open space; (b) historic preservation, and (c) affordable housing. In addition, a maximum 5% may be spent on administrative expenses by the CPC. Town Meeting may either approve or reduce the recommended expenditures but cannot add to them. Tyngsborough received state matching funds from the Commonwealth for several of the projects recommended this year.

## Article 13: Approve Prior Year Bills

To see if the Town will vote to approve payment on the following bills which were incurred during a previous fiscal year (FY23):

| Vendor  | Invoice  | Amount   | Account         | Department  |
|---|----------|----------|-----------------|-------------|
| Law Office of Ronald J. Berenson                | 12940    | \$418.00 | 01145200-530880 | Tax Office  |
| University of Massachusetts Lowell Police Dept. | 22-61-DV | \$741.39 | 01410200-578010 | Engineering |

**Explanation:** Bills incurred in a previous fiscal year cannot be paid by the Town until they have been approved by Town Meeting. This article seeks authorization to pay two bills that were incurred during Fiscal Year 2023. These bills will be paid out of the existing FY24 budget and do not represent new appropriations.

## Article 14: Acceptance of Land with Clubhouse from Toll Brothers

**Explanation:** Article 14 seeks Town Meeting authorization to formally accept the parcel of land containing roughly 30 acres donated to the Town from Toll Brothers as a part of the development on the former Tyngsborough Country Club. Toll Brothers was required to donate the land, renovate the clubhouse, and install walking trails on the site, all of which they have completed. Additionally, CPC authorized \$800,000 at May 2023 Town Meeting to construct sports amenities on this site. That work can commence as soon as the land is formally accepted by the Town.

## Article 15: Home Rule Petition: Additional Liquor Licenses

To see if the Town will vote to authorize the Select Board to petition the General Court of the Commonwealth of Massachusetts to pass an act entitled "An Act Authorizing the Town of Tyngsborough to Grant Additional Licenses for the Sale of Alcoholic Beverages", being substantially as set forth below:

An Act Authorizing the Town of Tyngsborough to Grant Additional Licenses for the Sale of Alcoholic Beverages

### SECTION 1

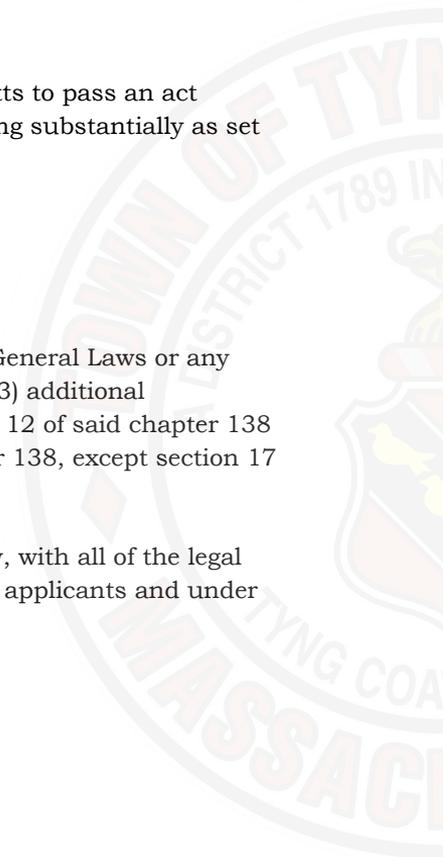

(a) Notwithstanding the maximum number of licenses authorized to be granted under section 17 of chapter 138 of the General Laws or any other general or special law to the contrary, the licensing authority of the Town of Tyngsborough may grant up to three (3) additional all-alcoholic beverages restaurant licenses for the sale of alcoholic beverages to be drunk on the premises, under section 12 of said chapter 138 to operators and locations to be determined by the licensing authority. The licenses shall be subject to all of said chapter 138, except section 17 and section 17A.

(b) If the licenses granted under this section are cancelled, revoked or no longer in use, they shall be returned physically, with all of the legal rights, privileges and restrictions pertaining thereto, to the licensing authority which may then grant the licenses to new applicants and under the same conditions as specified in this Act.

### SECTION 2

This act shall take effect upon its passage.

or take any other action relative thereto.

## Article 16: Terminate Special Purpose Stabilization Fund Dedication

### Project Funding Breakdown - History & Look Ahead

- Over the course of prior fiscal years, including this year, the Town has received roughly \$1.1M annually in Cannabis excise with one shop open. FY24 is trending higher than budgeted due to increased sales.
- Annually, we've appropriated between \$600k and \$800k from the stabilization fund for use on the roads.
- Our FY 25 projection has us receiving \$1.6M in total cannabis excise -- based on current trend for FY 24 and anticipated opening of second retail location.
  - At 50% into Road Stabilization, we'd still deposit \$800,000 into the stabilization fund annually -- this means we can continue to allocate \$800k from the fund for road projects as we have been.
  - This would also allow us to deposit \$400,000 into debt stabilization to protect the Town in future years & maintain the \$1M commitment to the Middle School Debt
- **The bottom line, is that even with the split changing, funding available from the account for road projects will not decrease. In fact, total road spending is increasing as demonstrated on the next slide.**

**Article 22: Zoning Amendment: Inclusionary Zoning Bylaw**

To see if the Town will vote to amend the Town of Tyngsborough Zoning Bylaw, Section 9.1 Inclusionary Zoning, by adding the language in bold and removing the language with the strikethrough, or take any other action relative thereto.

9.1 Inclusionary Zoning

A. Intent and Purpose – This section is adopted for the following purpose:

1. To provide multiple housing choices for people of all economic backgrounds;
2. To increase the supply of housing that is available and permanently affordable to low or moderate-income households in Tyngsborough;
3. To contribute to the Town’s Subsidized Housing Inventory (SHI).

The intent of the Bylaw is that all units created under this Bylaw count towards the satisfaction of the Town’s affordable housing requirements under the Comprehensive Permit Law, M.G.L c. 40B, §§ 20-23.

B. Applicability. The inclusionary zoning provisions of this Bylaw are applicable to:

1. Any project, other than a conventional subdivision, that results in a new increase of 7 or more residential dwelling units, whether by new construction or by the alteration, expansion, reconstruction, or change of existing residential or non-residential space including mixed-use developments.
2. Willful evasion of this section of the Bylaw is prohibited. Developments may not be segmented land or properties over any 5-year period with the intention of avoiding inclusionary housing requirements by either subdividing one parcel of land into two parcels of land or purposefully dividing a project that would be subject to this Bylaw into phases in such a way that would not result in the creation of affordable units.
3. If requested by the Planning Board or Zoning Board of Appeals, the Building Commissioner shall determine in writing the number of pre-existing, legal housing units on a development site.

C. Methods of Providing Affordable Housing Units

1. On-Site Units may be provided by-right and is the preferred method of providing affordable units under this Bylaw as follows:

- a) For age-restricted housing, at least 15 percent of the new housing created must be designated as affordable in perpetuity.
  - b) For all other housing development subject to this requirement, at least 12 percent of the new housing units created shall be restricted as affordable in perpetuity.
  - c) For Assisted Living or Continuing Care Campus development, at least 10 percent of the new units created must be designated as affordable in perpetuity.
2. When the calculation results in a fractional affordable housing unit (FAHU) of 0.5-0.9, the developer shall provide a whole on-site unit for that fractional unit.

~~D. The Planning Board shall serve as the permit granting authority. The Planning Board may grant a special permit for one or more of the following methods, alone or in combination. In no event shall land area or cash payments provided be less than the equivalent number or value of affordable housing units that could be built on site under Subsection C above.~~

- ~~1. Payment of a fee in lieu to the Town Affordable Housing Trust Fund made shall be allowed for housing developments with 16 units or less in compliance with Paragraph 3 below.~~
- ~~2. Donation of developable land in the Town to the Tyngsborough Housing Authority, the Town Affordable Housing Trust Fund, or a comparable entity, providing the receiving organization agrees in writing to accept the land, and the applicant demonstrates to the Planning Board's satisfaction that the land is developable for an equivalent number of affordable units in conformance with this section.~~
- ~~3. Contribution in lieu of on-site units—The cash payment shall be equal to the most current "Total Residential Development Cost Limit" as articulated in the DHCD's Qualified Allocation Plan for Low Income Housing Tax Credit, for the areas described as the Lowell MA HUD Metro Area, as adjusted for the type of project and number of units.~~

E. General Provisions for Affordable Housing

- 1. The Planning Board shall serve as the permit granting authority.**
2. Applicants are encouraged to consult with the Town Affordable Housing Trust early in the development process concerning the Town's affordable housing needs and the optimum manner in which the Town's needs and the developer's affordable housing requirement can be met by the

proposed development consistently with any housing and/or master plan then in effect.

3. Each affordable unit shall be subject to an affordable housing restriction as defined herein. The developer shall be responsible for preparing any documentation required by DHCD and the Town to qualify the unit for listing on the SHI.
4. The selection of qualified purchasers or qualified renters shall be carried out under an affirmative fair housing marketing plan prepared by the developer in compliance with the DHCD LIP guidelines.
5. Developers may sell affordable for-sale units to the Town, the Town Affordable Housing Trust, or to a private nonprofit entity serving the Town for the purpose of providing affordable housing opportunities and to permit the entity to market the affordable housing units and manage the choice of buyers.

## Article 23: Zoning Amendment: Open Space Residential Development

To see if the Town will vote to amend the Town of Tyngsborough Zoning Bylaw, Section 9.2 Special Permit; Open Space Residential Development, by adding the language in bold and removing the language with the strikethrough, or take any other action relative thereto.

### 9.2 Special Permit; Open Space Residential Development

A. The Planning Board may grant a special permit for Open Space Residential Development in the R-1 District for single-family detached dwellings and accessory structures subject to the provisions of this section.

~~B. Town Meeting approval of an Open Space Residential Plan is required prior to the granting of a Special Permit.~~

C. Objectives. The objective of this section is to allow an optional scheme of development so as to encourage the preservation of common land for conservation, acquisition, open space and recreational use; to preserve historical or archeological resources; to protect existing or potential municipal and private water supplies; to promote more sensitive siting of buildings and better overall site planning; to promote better utilization of land in harmony with its natural features and with the general intent of the Zoning Bylaw through a greater flexibility in design; and to allow for the more efficient provision of municipal services.

To see if the Town will vote to amend the Town of Tyngsborough Zoning Bylaw, Section 9.2 Special Permit; Open Space Residential Development, by adding the language in bold and removing the language with the strikethrough, or take any other action relative thereto.

**Explanation:** This article would amend the Town's Zoning Bylaw by striking the requirement that Town Meeting approve an open space residential development plan before a special permit can be issued by the Planning Board. This is in response to a review of the Attorney General's office which deemed that provision unlawful.

To see if the Town will vote to amend Section 10, “Special District Regulations,” of the Town’s Zoning Bylaw, by adding a new subsection shown below, or take any other action relative thereto.

**Explanation:** This article is the Town’s response to the MBTA Communities Act which requires communities with some level of service (or adjacent to service) provided by the MBTA to adopt a zoning district(s) where multi-family housing is permitted by right. Tyngsborough is required to comply by law because it has been classified as an “adjacent community”. The zoning article creates three sub-districts, all of which are located along Middlesex Road. Although this language allows the development of multi-family without a special permit, the Planning Board retains site plan review authority.

## Article 25: Zoning Amendment: MBTA Communities Multifamily Overlay District

### **The Law: New Section 3A of M.G.L. Chapter 40A (Zoning Act)**

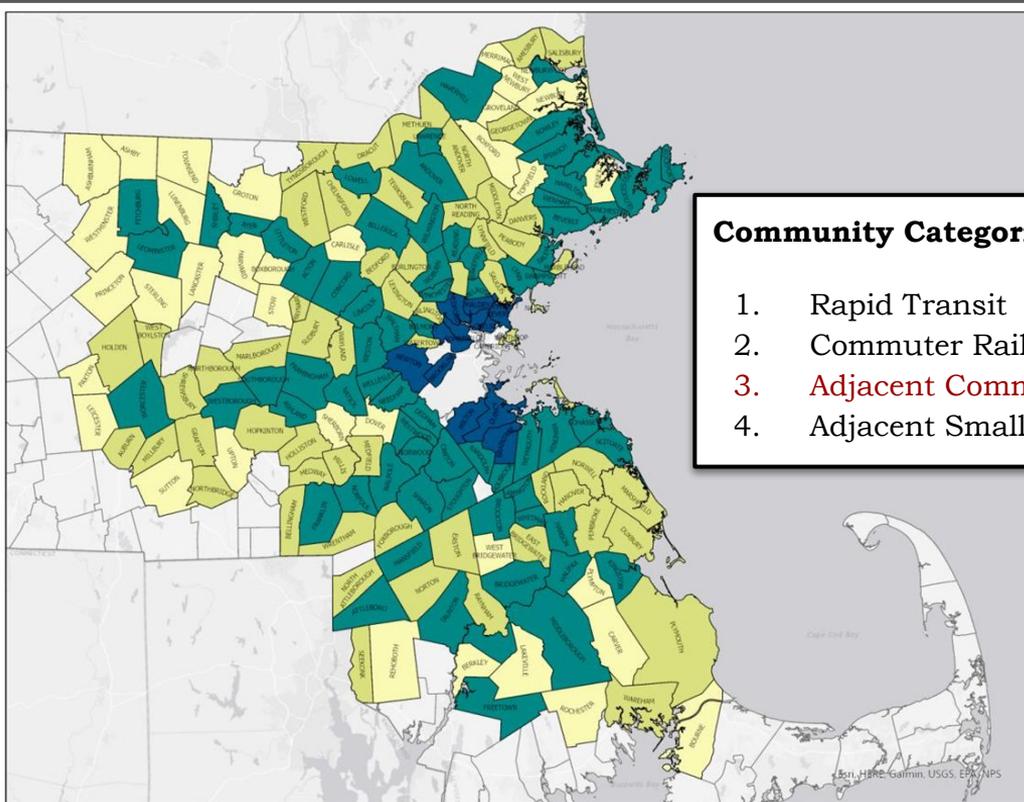

Chapter 358 of the Acts of 2020 amended the state Zoning Act to stimulate economic development and address the housing crisis by encouraging new housing near transit. It is part of the state's 2021 Economic Development legislation. It requires specific communities (177 of them) to create a zoning district where multi-family housing is allowed as-of-right.

### **The Purpose Behind the MBTA Communities Legislation**

- This is part of the Commonwealth's strategy and effort to address the glaring shortage of housing. Demand for housing has far exceeded supply or new development (for nearly 40 years), resulting in cost and valuation increases that have outpaced inflation.
- The state seeks to address the number one reason major employers have listed as a competitive disadvantage for Massachusetts: housing availability and cost.
- Zoning has historically been a barrier to the creation of diverse housing stock in suburban communities. The legislation encourages development that is suitable and more accessible to a broader spectrum of community members: young people, older people looking to downsize, and others who cannot afford, or do not want, a single-family house.

- Community Categories**
1. Rapid Transit
  2. Commuter Rail
  3. Adjacent Community (Tyngsborough)
  4. Adjacent Small Town

**There are 177 MBTA Communities**

Adjacent Communities all have the same requirements, but they are less than those imposed on Rapid Transit and Commuter Rail Communities.

# Annual Town Meeting

## Article 25: Zoning Amendment: MBTA Communities Multifamily Overlay District

### What is required for Tyngsborough? Zoning Only - Not Developable Units.

**District Size:** 50 Acres, minimum of 50% area must be contiguous, no sub-district less than 5 acres.

**Density:** 15 Units/Acre ( = 750 unit capacity)

**Age / Bedroom Restrictions:** None

**Location:** Near transportation and commerce centers

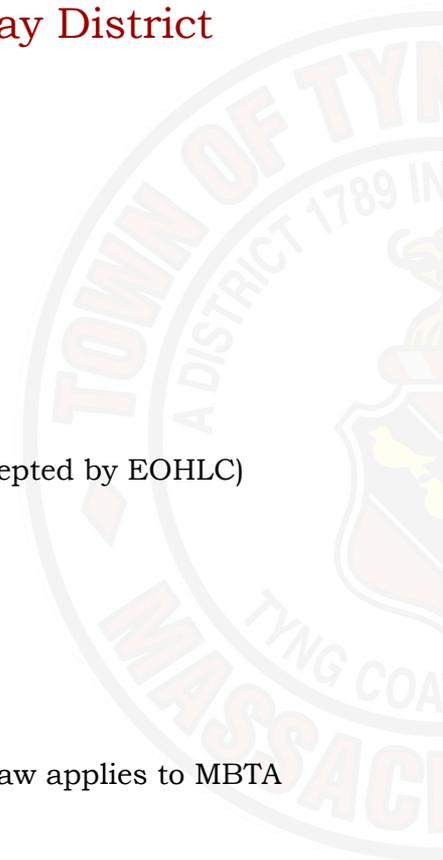

**Affordability:** 12.5% of Units (Zoning Review Committee submitted Economic Feasibility Analysis accepted by EOHLC)

### What does As-of-Right Mean?

Special Permits, Variances, or Zoning Amendments are not required.

No additional energy or other restrictions can be exclusively applied to the overlay district

Site Plan Review with reasonable conditions are allowed. The same Site Plan Review section of the Bylaw applies to MBTA Communities proposals.

# Annual Town Meeting

## Article 25: Zoning Amendment: MBTA Communities Multifamily Overlay District

### Why Should Tyngsborough Comply?

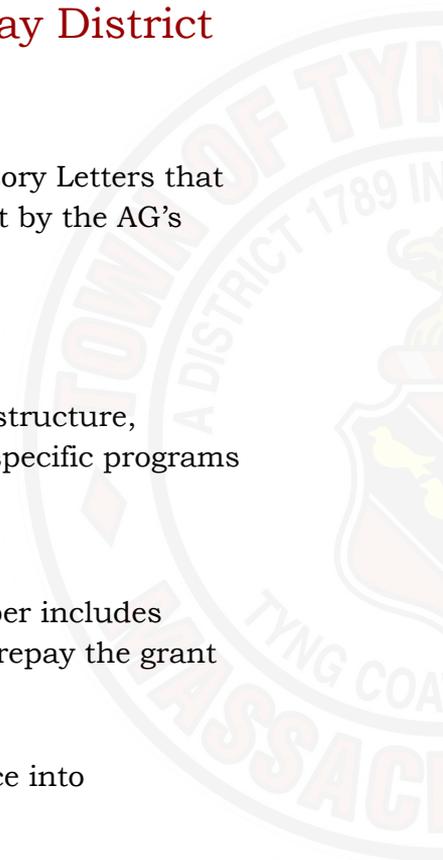

First and foremost, it's the law. The Attorney General has maintained and expressed in multiple Advisory Letters that compliance is not optional. While there is at least one lawsuit related to this legislation, it was brought by the AG's office and not likely to have any impact on the remaining MBTA Communities.

### Grant Funding Depends On It

Compliance maintains eligibility for state funding programs for housing, economic development, infrastructure, transportation. Tyngsborough has utilized more than **\$7,000,000** in grant funding across just three specific programs that will now only be available to communities in compliance:

- \$ 6,500,000 MassWorks (Westford Road, Sewer Extension to 440 Middlesex, Kendall Road) This number includes \$2,000,000 grant currently in play. Falling out of compliance may result in Tyngsborough needing to repay the grant
- \$ 350,000 Housing Choice (Town Center)
- \$ 250,000 Community Compact

+ additional discretionary grants that have been received but now take MBTA Communities compliance into consideration for eligibility.

# Annual Town Meeting

## Article 25: Zoning Amendment: MBTA Communities Multifamily Overlay District

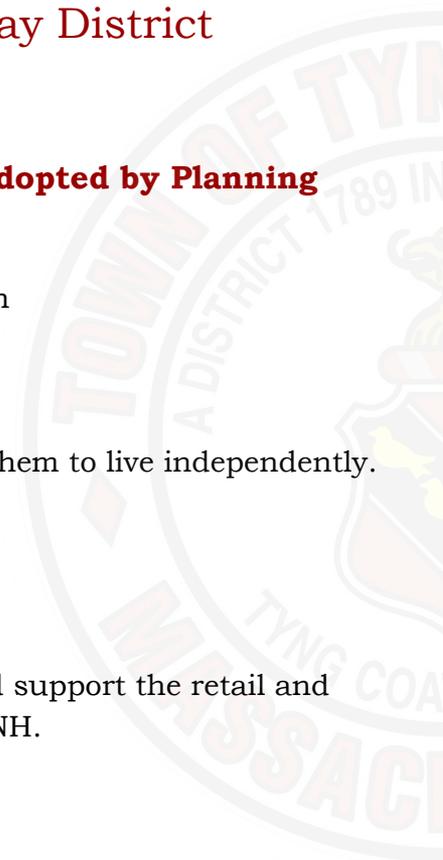

### Why Should Tyngsborough Comply?

**It aligns with goals listed in the Tyngsborough's Housing Production Plan 2019-2024 (adopted by Planning Board and Select Board):**

- Provide a wide range of housing options so as to meet the housing needs of a diverse population
- Address the needs of first-time home buyers
- Create diverse rental units, in terms of types of units and number of bedrooms (3+)
- Support the creation of workforce housing units
- Develop rental & ownership options for seniors, people with disabilities, & veterans that allow them to live independently.

### It makes economic development sense:

Potential multi-family housing located at the northern commercial corridor along Middlesex Rd. would support the retail and hospitality strategy that has been helping Tyngsborough successfully compete with tax-free Nashua, NH.

# Annual Town Meeting

## Article 25: Zoning Amendment: MBTA Communities Multifamily Overlay District

### What planning has gone into Tyngsborough's proposed strategy?

- The Zoning Review Committee (ZRC), consisting of members from the Select Board, Planning Board, Zoning Board of Appeals and residents at large has worked with Northern Middlesex Council of Governments (NMCOG) staff to develop a compliance strategy, language, and maps.
- The ZRC drafted an Action Plan in 2022, which was reviewed and approved by the Select and Planning Boards and submitted to the Executive Office of Housing and Livable Communities (formerly DHCD) in January 2023.
- Over the past year, the Committee held more than 10 public meetings specifically to discuss MBTA Communities compliance, compare and identify district boundaries, and draft the zoning language.
- Two public information sessions were held, which included explanations about the law, constructive conversations about the draft zoning language and overlay zoning district boundaries.
- Drafts of the language and overlay districts were sent to the Attorney General's Office and EOHLC for preliminary review, and the ZRC incorporated the minor revisions that were suggested.

# Annual Town Meeting

## Article 25: Zoning Amendment: MBTA Communities Multifamily Overlay District

### Objectives Addressed by the Zoning Review Committee

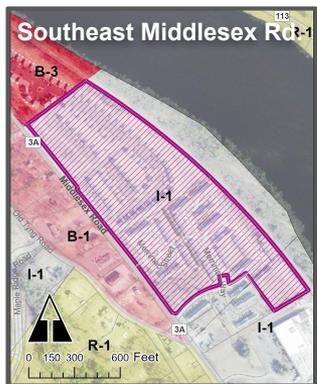

- Employ an overlay district to ensure the underlying uses are maintained.
- Use the zoning requirement to support objectives in the Housing Production Plan and Master Plan.
- Mitigate the potential impacts of potential development and the likelihood that proposals are received at the same time by identifying three sub-districts with varying sizes and levels of “developability.”
- Identify land area with recent development to occupy the largest subdistrict (50% total district area, contiguous) in order to postpone development proposals as as far into the future as possible.
- Include a subdistrict that offers actual, short term, multifamily development opportunity with a reasonable number of units, in an area that would benefit the retail and hospitality corridor as much as possible.
- Include a subdistrict that limits short term potential of proposals but serves as a hedge against the possibility that the industrial development already permitted behind Olive Garden and Nature’s Remedy doesn’t come to fruition.
- Include an Effective-As-Of date that complies with the legislation’s December 31, 2024 deadline.

### What is Tyngsborough's Proposed Strategy?

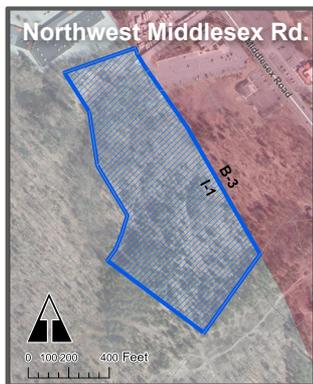

Three sub-districts with varying sizes and levels of “developability”

27.4 Acres. Recent, existing development throughout.

Satisfies 50% contiguous area requirement, 411 unit capacity.

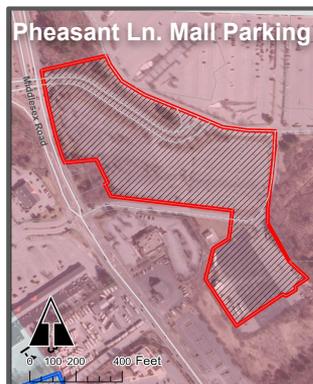

No short term or long term proposals expected.

15.1 Acres. Along I-1 District Boundary, where current industrial development is already permitted.

227 unit capacity.

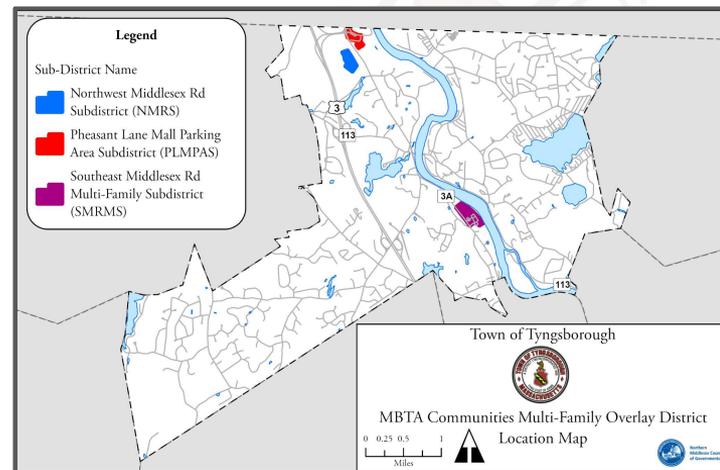

No short term proposals expected, offers options if industrial development falls through.

12.3 Acres. Multiple owners, good accessibility.

Smallest sub-district area. 183 unit capacity.

Short term proposals possible that could support the retail district corridor.

To see if the Town will vote to amend Section 10, “Special District Regulations,” of the Town’s Zoning Bylaw, by adding a new subsection shown below, or take any other action relative thereto.

### **SECTION 10.5: MBTA Communities Multi-Family Overlay District**

#### **A. PURPOSE**

The purpose of the MBTA Communities Multi-Family Overlay District (MCMOD) is to allow multi-family housing as of right in accordance with Section 3A of the Zoning Act (Massachusetts General Laws Chapter 40A). This zoning provides for as of right multi-family housing to accomplish the following purposes:

1. Encourage the production of a variety of housing sizes and typologies to provide equal access to new housing throughout the community for people with a variety of needs and income levels;
2. Support vibrant neighborhoods by encouraging an appropriate mix and intensity of uses to support an active public space that provides equal access to housing, jobs, gathering spaces, recreational opportunities, goods, and services.
3. Locate housing within walking distance of public transit and commercial centers to promote general public health, reduce the number of vehicular miles traveled, support economic development, and meet community-based environmental goals, including reducing greenhouse gasses and improving air quality.
4. Preserve open space in a community by locating new housing within or adjacent to existing developed areas and infrastructure.
5. Support public investment in public transit and pedestrian- and bike-friendly infrastructure.
6. Increase the municipal tax base through private investment in new residential developments.
7. Comply with Massachusetts General Laws Chapter 40A Section 3A.

#### **B. ESTABLISHMENT AND APPLICABILITY**

This MCMOD is an overlay district having a land area of approximately 51 acres in size that is superimposed over the underlying zoning district (s) and is shown on the Zoning Map.

1. **Effective Date.** This overlay district will go into effect on December 31, 2024 in accordance with the requirements of MGL Chapter 40A Section 3A.
2. **Applicability of MCMOD.** An applicant may develop multi-family housing with a minimum of eight (8) dwelling units located within a MCMOD in accordance with the provisions of this Section 10.5.
3. **Underlying Zoning.** The MCMOD is an overlay district superimposed on underlying zoning districts. The regulations for use, dimension, and all other provisions of the Zoning Bylaw governing the respective underlying zoning district(s) shall remain in full force, except for uses allowed as of

right or by special permit in the MCMOD. Uses that are not identified in Section 10.5 are governed by the requirements of the underlying zoning district(s).

4. **Sub-districts.** The MCMOD contains the following sub-districts, all of which are shown on the MCMOD Boundary Map:
  - a. Southeast Middlesex Rd Multi-Family Subdistrict (SMRMS)
  - b. Pheasant Lane Mall Parking Area Subdistrict (PLMPAS)
  - c. Northwest Middlesex Rd Subdistrict (NMRS)
5. **Frontage and Access.** Notwithstanding anything herein to the contrary, a development within the MCMOD may utilize property outside the MCMOD for access thereto or therefrom and/or to satisfy the Zoning Bylaw's applicable minimum frontage requirement.

### C. DEFINITIONS

For purposes of this Section 10.5, the following definitions shall apply.

1. **Affordable unit.** A multi-family housing unit that is subject to a use restriction recorded in its chain of title limiting the sale price or rent or limiting occupancy to an individual or household of a specified income, or both.
2. **As of right.** Development that may proceed under the Zoning in place at time of application without the need for a special permit, variance, zoning amendment, waiver, or other discretionary zoning approval.
3. **Building coverage.** The maximum area of the lot that can be attributed to the footprint of the buildings (principal and accessory) on that lot. Building Coverage does not include surface parking.
4. **Compliance Guidelines.** Compliance Guidelines for Multi-Family Zoning Districts Under Section 3A of the Zoning Act as further revised or amended from time to time.
5. **EOHLC.** The Massachusetts Executive Office of Housing and Livable Communities, or any successor agency.
6. **MBTA.** Massachusetts Bay Transportation Authority.
7. **Mixed-use development.** Development containing a mix of residential uses and non-residential uses, including, commercial, institutional, industrial, or other uses, arranged vertically (in multiple stories of one or more buildings) or horizontally (adjacent to one another in one or more buildings) within a lot.
8. **Multi-family housing.** A building with three or more residential dwelling units or two or more buildings on the same lot with more than one residential dwelling unit in each building.
9. **Open space.** Contiguous undeveloped land within a parcel boundary.
10. **Parking, surface.** One or more parking spaces without a built structure above the space. A solar panel designed to be installed above a surface parking space does not count as a built structure for the purposes of this definition.

11. **Residential dwelling unit.** A single unit providing complete, independent living facilities for one or more persons, including permanent provisions for living, sleeping, eating, cooking, and sanitation.
12. **Section 3A.** Section 3A of M.G.L. Chapter 40A, the Zoning Act.
13. **Site plan review authority.** The site plan review authority is the Planning Board.
14. **Subsidized Housing Inventory (SHI).** A list of qualified Affordable Housing Units maintained by EOHLC used to measure a community's stock of low-or moderate-income housing for the purposes of M.G.L. Chapter 40B, the Comprehensive Permit Law.

**D. PERMITTED USES**

1. **Uses Permitted As of Right.** The following uses are permitted as of right within the MCMOD.
  - a. Multi-family housing with a minimum of eight (8) units.
2. **Accessory Uses.** The following uses are considered accessory as of right to any of the permitted uses in Section D.1.
  - a. Parking, including surface parking and parking within a structure such as an above ground or underground parking garage or other building on the same lot as the principal use.
  - b. Recreation facilities, cafes, lounges, shared workspaces, and other amenities for the use of residents and guests of the residential use.

**E. DIMENSIONAL STANDARDS**

1. Table of Dimensional Standards. Notwithstanding anything to the contrary in this Zoning, the dimensional requirements applicable in the MCMOD are as follows:

|                                  |   |
|----------------------------------|---|
| <b>Standard</b>                  |   |

2. **Multi-Building Lots.** In the MCMOD, lots may have more than one (1) principal building.
3. **Exceptions.** The limitation on height of buildings shall not apply to chimneys, ventilators, towers, silos, spires, or other ornamental features of buildings, which features are in no way used for living purposes and do not constitute more than 25% of the ground floor area of the building.
4. **Exceptions: Renewable Energy Installations.** The Site Plan Review Authority or Special Permit Granting Authority may waive the height and setbacks in Section E. Dimensional Standards to accommodate the installation of solar photovoltaic, solar thermal, living, and other eco-roofs, energy storage, and air-source heat pump equipment. Such installations shall not create a significant detriment to abutters in terms of noise or shadow and must be appropriately integrated into the architecture of the building and the layout of the site. The installations shall not provide additional habitable space within the development.

#### F. **OFF-STREET PARKING**

These parking requirements are applicable to development in the MCMOD.

1. **Number of parking spaces.** The following minimum numbers of off-street parking spaces shall be permitted by use, either in surface parking or within garages or other structures:

| <b>Use</b>                       | <b>Minimum Spaces</b>     |
|----------------------------------|---------------------------|
| Studio and one (1) bedroom units | 1 parking space per unit  |
| Two (2) bedroom or more unit     | 2 parking spaces per unit |

2. **Bicycle storage.** Covered parking bicycle parking spaces shall be integrated into the structure of the building(s) with at least one (1) space per four (4) Residential Dwelling Units.
3. **Shared Parking within a Mixed-Use Development.** Parking requirements for a mix of uses on a single site may be adjusted through

the Site Plan Review process, if the applicant can demonstrate that shared spaces will meet parking demands by using accepted methodologies.

## **G. GENERAL DEVELOPMENT STANDARDS**

1. Development standards in the MCMOD are applicable to all multi-family development within the MCMOD. These standards are components of the Site Plan Review process in Section 10.5 I. Site Plan Review.

### **2. Site Design.**

- a. **Connections.** Sidewalks shall provide direct connections among building entrances, the public sidewalk (if applicable), bicycle storage, and parking.
- b. **Vehicular access.** Where feasible, curb cuts shall be minimized, and shared driveways encouraged.
- c. **Open Space.** Acceptable activities within the minimum required open space include natural areas (including wetlands and surface waters), wildlife and native plant habitat, landscape plantings, active recreation amenities, agricultural activities, low impact design stormwater management, non-motorized trails, and other low-impact activities. Open Space shall not contain habitable structures.
- d. **Screening for Parking.** Surface parking adjacent to a public sidewalk shall be screened by a landscaped buffer of sufficient width to allow the healthy establishment of trees, shrubs, and perennials, but no less than 6 (six) feet. The buffer may include a fence or wall of no more than three feet in height unless there is a significant grade change between the parking and the sidewalk.
- e. **Parking Materials.** The parking surface may be concrete, asphalt, bricks, or pavers, including pervious materials but not including grass or soil not contained within a paver or other structure.
- f. **Off-Street Loading Zone.** Off-street loading spaces shall be at least twelve (12') feet in width, and shall be at least fifty (50') feet in length, have a vertical clearance of at least fourteen (14') feet, and have an area of not less than one thousand three hundred (1,300) square feet including access and maneuvering space, available exclusively for loading and unloading of goods and materials from one vehicle.
- g. **Plantings.** Plantings shall include species that are native or adapted to the region. Plants on the Massachusetts Prohibited Plant List, as may be amended, shall be prohibited.
- h. **Street Trees.** Street trees should be provided within the sidewalk or along the property line. The trees should match the existing street trees in type and planting detail. Existing rows of trees along a street should be maintained. Missing street trees should be provided, one tree per 25 lineal feet of street frontage. The caliper width should be not less than 3" diameter. Trees should be

of indigenous species and of a growth form suited to their intended location and function. Tree species selection and locations should consider their proximity to underground utilities and overhead wires. Street and parking lot trees should be provided at a typical spacing of one tree per 15 ft for columnar shaped trees, 25 ft for small to medium height shade and ornamental trees, and 35 ft for large, spreading shade trees. Trees planted in close proximity to sidewalks should be deep-rooting species. Tree root barriers should be installed to protect adjacent pavements from tree root damage.

- i. **Lighting.** Light levels shall meet or exceed the minimum design guidelines defined by the Illuminating Engineering Society of North America (IESNA) and shall provide illumination necessary for safety and convenience while preventing glare and overspill onto adjoining properties and reducing the amount of skyglow.
  - j. **Mechanicals.** Mechanical equipment at ground level shall be screened by a combination of fencing and plantings. Rooftop mechanical equipment shall be screened if visible from a public right-of-way.
  - k. **Dumpsters.** Dumpsters shall be screened by a combination of fencing and plantings. Where possible, dumpsters or other trash and recycling collection points shall be located within the building.
  - l. **Stormwater management.** Strategies that demonstrate compliance of the construction activities and the proposed project with the most current versions of the Massachusetts Department of Environmental Protection Stormwater Management Standards, the Massachusetts Stormwater Handbook, Massachusetts Erosion Sediment and Control Guidelines, and, if applicable, additional requirements under the Tyngsborough MS4 Permit for projects that disturb more than one acre and discharge to the Town's municipal stormwater system, and an Operations and Management Plan for both the construction activities and ongoing post-construction maintenance and reporting requirements.
  - m. **Snow storage areas.** Adequate snow storage areas adjacent to traveled ways and parking areas must be reserved for the storage of snow cleared from the paved surfaces. This area should be located away from environmentally sensitive areas.
3. **Buildings: General.**
    - a. **Position relative to principal street.** The primary building shall have its principal façade and entrance facing the principal street where possible.
    - b. **Entries.** Where feasible, entries shall be clearly defined and linked to a paved pedestrian network that includes ~~the public~~ a sidewalk.
    - c. **Fenestration.** Blank, unfenestrated elevations should be avoided especially along traveled ways.
  4. **Buildings: Multiple buildings on a lot.**

- a. For a mixed-use development, uses may be mixed within the buildings or in separate buildings.
  - b. Parking and circulation on the site shall be organized so as to reduce the amount of impervious surface. Where possible, parking and loading areas shall be connected to minimize curb cuts onto public rights-of-way.
  - c. A paved pedestrian network shall connect parking to the entries to all buildings and the buildings to each other.
  - d. The orientation of multiple buildings on a lot should reinforce the relationships among the buildings. All building façade(s) shall be treated with the same care and attention in terms of entries, fenestration, and materials.
  - e. The building(s) adjacent to the public street shall have a pedestrian entry facing the public street.
5. **Buildings: Mixed-use development.**
- a. In a mixed-use building, access to and egress from the residential component shall be clearly differentiated from access to other uses. Such differentiation may occur by using separate entrances or egresses from the building or within a lobby space shared among different uses.
  - b. Paved pedestrian access from the residential component shall be provided to residential parking and amenities and to the public sidewalk, as applicable.
  - c. Materials for non-residential uses shall be stored inside or under cover and shall not be accessible to residents of the development.
  - d. Parking and circulation on the site shall be organized so as to reduce the amount of impervious surface. Where possible, parking and loading areas shall be connected to minimize curb cuts onto public rights-of-way.
6. **Buildings: Shared Outdoor Space.** Multi-family housing shall have common outdoor space that all residents can access. Such space may be located in any combination of ground floor, courtyard, or terrace. All outdoor space shall count towards the project's minimum Open Space requirement.
7. **Buildings: Infill Lots.** If the adjacent buildings are set back at a distance that exceeds the minimum front yard requirements, infill buildings shall meet the requirements of **Section 10.5 E. Dimensional Standards**. Otherwise, infill buildings may match the setback line of either adjacent building, or an average of the setback of the two buildings to provide consistency along the street.
8. **Buildings: Principal Façade and Parking.** Parking shall be subordinate in design and location to the principal building façade.
- a. **Surface parking.** Surface parking shall be located to the rear or side of the principal building. Parking shall not be located in the setback between the building and any lot line adjacent to the public right-of-way.

- b. **Integrated garages.** The principal pedestrian entry into the building shall be more prominent in design and placement than the vehicular entry into the garage.
  - c. **Parking structures.** Building(s) dedicated to structured parking on the same lot as one or more multi-family buildings or mixed-use development shall be subordinate in design and placement to the multi-family or mixed-use building(s) on the lot.
9. **Waivers.** Upon the request of the Applicant and subject to compliance with the Compliance Guidelines, the Site Plan Review Authority may waive requirements of this **Section 10.5 G. General Development Standards**, in the interests of design flexibility and overall project quality, and upon a finding of consistency of such variation with the overall purpose and objectives of the MCMOD.

## H. AFFORDABILITY REQUIREMENTS

### 1. Purpose.

- a. Promote the public health, safety, and welfare by encouraging a diversity of housing opportunities for people of different income levels;
- b. Provide for a full range of housing choices for households of all incomes, ages, and sizes;
- c. Increase the production of affordable housing units to meet existing and anticipated housing needs; and
- d. Work to overcome economic segregation allowing the Town of Tyngsborough to be a community of opportunity in which low and moderate-income households have the opportunity to advance economically.

2. **Applicability.** This requirement is applicable to all residential and mixed-use developments with eight (8) or more dwelling units, whether new construction, substantial rehabilitation, expansion, reconstruction, or residential conversion (Applicable Projects). No project may be divided or phased to avoid the requirements of this section.

### 3. Affordability requirements.

**Subsidized Housing Inventory.** All units affordable to households earning 80% or less of AMI created in the MCMOD under this section must be eligible for listing on EOHLC's Subsidized Housing Inventory.

**Provision of Affordable Housing.** In Applicable Projects, not fewer than twelve and a half percent (12.5%) of housing units constructed shall be Affordable Housing Units. For purposes of calculating the number of units of Affordable Housing required within a development project, any fractional units shall be rounded up to the next whole number. The Affordable Units shall be available to households earning income up to eighty percent (80%) of the Area Median Income and be eligible for inclusion on the Town's Subsidized Housing Inventory. If EOHLC determines in writing that the Town has not shown this 12.5% requirement to be feasible, at least 10% of the dwelling

units in any development containing 10 or more units shall be Inclusionary Dwelling Units with household income limited to 80% of the Area Median Income and eligible for inclusion on the Subsidized Housing Inventory.

4. **Development Standards.** Affordable Units shall be:
  - a. Integrated with the rest of the development and shall be compatible in design, appearance, construction, and quality of exterior and interior materials with the other units and/or lots;
  - b. Dispersed throughout the development;
  - c. Located such that the units have equal access to shared amenities, including light and air, and utilities (including any bicycle storage and/or Electric Vehicle charging stations) within the development;
  - d. Located such that the units have equal avoidance of any potential nuisances as market-rate units within the development;
  - e. Distributed proportionately among unit sizes; and
  - f. Distributed proportionately across each phase of a phased development.
  - g. Occupancy permits may be issued for market-rate units prior to the end of construction of the entire development provided that occupancy permits for Affordable Units are issued simultaneously on a pro rata basis.

#### I. **SITE PLAN REVIEW**

1. **Administration.** The provisions of this Section 10.5 shall be administered by the Planning Board.
2. **Applicability.** Site Plan Review is required for a project that proposes eight (8) dwelling units or more. An application for Site Plan Review shall be reviewed by the Planning Board for consistency with the purpose and intent of Sections 10.5 D through 10.5 H.
3. **Submission Requirements.** As part of any application for Site Plan Review for a project within the MCMOD submitted under Sections 10.5 E through 10.5 I (or, for projects not requiring Site Plan Review, prior to submission of any application for a building permit), the Applicant must follow the submission Requirements and Procedures defined in Section 2.8 Applications that do not comply with the requirements from section 2.8 will be rejected.
4. **Timeline.** Site Plan Review should be commenced no later than 30 days of the submission of a complete application and should be completed expeditiously. The site plan review authority may, when appropriate, seek the input of other municipal boards or officials. In general, site plan review should be completed no more than 6 months after the submission of the application.
5. **Site Plan Approval.** Site Plan approval for uses listed in Section 10.5 D Permitted Uses shall be granted upon determination by the Site Plan Review Authority that the following conditions have been satisfied. The

Site Plan Review Authority may impose reasonable conditions, at the expense of the applicant, to ensure that these conditions have been satisfied.

- a. The Applicant has submitted the required fees and information as set forth in Tyngsborough's requirements for a Building Permit and Site Plan Review; and
  - b. The project as described in the application meets the development standards set forth in Section 10.5 G. General Development Standards and Site Plan Approval Criteria in Section 2.8.D.
6. **Project Phasing.** An Applicant may propose, in a Site Plan Review submission, that a project be developed in phases subject to the approval of the Site Plan Review Authority, provided that the submission shows the full buildout of the project and all associated impacts as of the completion of the final phase. However, no project may be phased solely to avoid the provisions of Section H. Affordability Requirements.

#### **J. SEVERABILITY**

If any provision of this Section 10.5 is found to be invalid by a court of competent jurisdiction, the remainder of Section 10.5 shall not be affected but shall remain in full force. The invalidity of any provision of this Section 10.5 shall not affect the validity of the remainder of the Town of Tyngsborough's Zoning By-Law.

# Annual Town Meeting

## Article 26: Zoning Map Amendment: MBTA Communities Multifamily Overlay District

To see if the Town will vote to amend the Town of Tyngsborough Zoning Map to include the MBTA Communities Multifamily Overlay Districts, or take any other action relative thereto.

**Explanation:** This article is the Town's response to the MBTA Communities Act which requires communities with some level of service (or adjacent to service) provided by the MBTA to adopt a zoning district(s) where multi-family housing is permitted by right. Tyngsborough is required to comply by law because it has been classified as an "adjacent community". The zoning article creates three sub-districts, all of which are located along Middlesex Road. Although this language allows the development of multi-family without a special permit, the Planning Board retains site plan review authority.

While Article 25 approved the zoning language, Article 26 approves an amendment of the Town's Zoning Map to incorporate the changes outlined in Article 25.
