

What does Tyngsborough need?

**More Affordable
Broadband**

**Equitable Access to
Appropriate Devices**

**Digital Literacy
Education**

**Funding for
Digital Programs**

Discuss it at a Greater Lowell **DIGITAL EQUITY PLAN Strategy Charrette**

NMCOG, the regional planning agency for communities in Northern Middlesex County, is working on a plan to improve residents' access to the internet, technological devices like smartphones and computers, and education about how to use digital tools. To inform the plan, we want to hear from you and those you know about their experiences. Brainstorm and prioritize strategies that will compete for state and federal grants!

**Old Town Hall
10 Kendall Road, Tyngsborough
May 16, 6 - 8 pm**

We'll have 8 Strategy Charrettes across Greater Lowell! Check out nmcog.org/digitalequity for the full lineup.
