You're invited to some magical days of creativity at Ironwood Park! We'll be making enchanting fairy gardens, and we'd love for you to join us. We begin on July 10th making gardens and all gardens will be on full display beginning on August 7th. This event is a celebration of all things whimsical and miniature, whether you're starting from scratch or sharing a pre-loved creation. We look forward to days filled with creativity, imagination, and the magic of fairy gardens!

## **What to Expect:**

This event is perfect for all ages and skill levels, from seasoned crafters to those just beginning their journey into miniature worlds. It's a wonderful opportunity to connect with nature, express your creativity, and add a touch of magic to our beloved new park. We'll have helpful volunteers on hand to offer tips and tricks on inspiration days.

## **What to Bring:**

To help you craft your one-of-a-kind fairy garden, we highly encourage you to bring a selection of your own supplies. Think about miniature plants, tiny figurines, small decorative elements, natural materials like pebbles or moss, and any other charming trinkets that inspire your inner fairy architect. This is your opportunity to personalize your garden and truly make it a reflection of your individual style.

For those who might not have a collection of fairy size garden supplies, or if you simply prefer to use what's on hand, rest assured that we will also have a wonderful assortment of supplies available for you to choose from.
